

## 2021 Roses in Review Results Summary

By Kathy Monge

The results are in for 2021. I would like to thank the 136 rosarians from our district that completed this task, 85 had roses to review. As a reminder there are approximately 1000 rosarian members for the Pacific Southwest District (PSWD). 79 Consulting Rosarians participated.

I manually entered in 3 and guided another over the phone.

I have organized the data by type of rose rather than the alphabetical rating you will see in *American Rose*. For those who know about statistics, when you have less than 10 raters, the average can be a bit skewed/biased. There were very few roses who had a significant number of reviewers. This year there were 7 roses with more than 10 reviewers. I have highlighted those roses. The *Bob Martin* miniature rose had the most reviewers with 25 and closely behind this was *Celestial Nights* with 24. To help sort through all the minutiae of digits, I have highlighted the highest rated roses of at least 8.0 or above.

If you would like a more detailed listing of with fragrance, height, etc., just email me at [roses92707@gmail.com](mailto:roses92707@gmail.com) and I will be glad to give you that data.

Members Choice and Fragrance awards will be forth coming, We were given 2 roses for Member's Choice and 3 for fragrance to vote on in each category. The district coordinators vote based on what was the top choice among reviewers. Unfortunately, all 5 roses had few votes in our district. The winners will be announced through *American Rose*. The Members' Choice will be featured on the cover of *2023 Selecting Roses* book.

Thank you so much for helping in this task!
